Cruise

Please ensure you have a valid passport for your cruise and that your passport is valid at least 6 months beyond your intended return date. Cruise lines have age restrictions so please ensure you discuss your age with your travel consultant if you are below the age of 25. Additionally women that are pregnant need to discuss any possible travel restrictions with their travel consultant.

Passport Visas and Health

Please note that Odenza always recommends all guests travel with a valid passport. Many countries require a passport be valid for 6 months beyond the expected date of return from that country. Additionally some countries require travel visa's to enter the country. It is your responsibility to speak with the consulate of your countries of travel to determine if you will require a travel visa. If you are travelling outside your country we recommend that you contact a local travel health clinic to determine if you require any special vaccinations or other health precautions.
